Milestone 3

Submitted	Revised
11/21/23	

Meeting date: 11/15/2023

Summary of feedback on UI (record all pages that need revision):

Home Page:
- *Navigation Bar:* Place the "Login" button next to the "Signup" link for easy access.
- *Carousel Fix:* Ensure that the carousel on the home page doesn't change subjects after clicking. Maintain consistency in subject display. All subjects on the home page are of the same size for a uniform appearance.
- *Additional Text:* Add the text: "You can also apply to be a tutor" on the home page.
- *Newly Added Tutor Section:* Make the entire element clickable and add descriptive text.
- *Send Message button:* Move the "Send Message" button to the right side after the user has read the tutor profile.
- After clicking on "Send Message," prefill all the necessary data (date, tutor), and prompt the user to log in before sending the message.

Dashboard:
- *Columns:* Organize the dashboard into three columns: Messages Sent, Messages Received, Tutor Posts.

Summary of feedback on code and architecture:
- NOT ABLE TO SHOW

Summary of feedback on GitHub usage:
- File structure is good
- Provide more detailed commit messages for better clarity and understanding.

Summary of feedback on DB:
- Unable to show during the meeting, screenshots were sent via email as requested

Summary of feedback on teamwork and risk management:
- It could be better for meeting attendance.

Confirm that you have done architecture review to check that developers adhere to MVC pattern, coding style, minimal agreed documentation etc. Record if OK or list the issues found. Request developers follow up on corrections and follow up later by doing code reviews:

Architecture Review

Check	Status
Adherence to MVC pattern	OK
Adherence to coding style	OK
Minimal agreed documentation	OK
